Bob's Open Canoe Weekend – 36th Anniversary 1st, 2nd & 3rd July 2022 (Tidal Estuary and Coastal Paddling)

This event, based at Axmouth Devon is organised by Axe Vale Canoe Club in conjunction with the Open Canoe Association, and was the first in Britain designed to introduce Open Canoeists to estuary and coastal canoeing. This annual event is referred to as Bob's Open Canoe Weekend after a much loved club & OCA member Bob Ottley.

We have arranged for the separate camping field as usual at Axmouth Camping Site, which is located on the side of the estuary at Axmouth, and gives direct access to the water when the tide permits. The full Axe Vale Canoe Club facilities will also be available for use with trips, and are also used when the tide prohibits access at the camp site. These facilities, including parking if needed, are included within the meet fee. The site accepts caravans, motorhomes and tents, however power is only available in the main field; there are toilets, showers, laundry and shop on site – please read the Campsite Rules on Page 2. Following the successful trial last year, we will again be providing two Portaloos within the camping field.

Only basic paddling skills are needed but we do require that all participants wear buoyancy aids. In addition each canoe should have 12.5kg (30lbs.) minimum buoyancy securely fixed at each end and carry a spare paddle. Helmets are recommended for all persons under the age of 18 but the leaders decision on the trip is final.

The event programme is at all times approximate and may be adjusted to suit the conditions on the day, but we intend to keep the general framework of:

Possible Trips:

- Seaton towards Lyme Regis (e.g. Charton Bay or the Slabs), or towards Beer and Branscombe
- Up river to first road bridge (tidal limit).

Course Options (TBC on the day):

Other local attractions for evenings or those not paddling:

Seaton is approximately a mile away and has Tesco, shops, pubs, restaurants, take-aways, etc. (It also has a Premier Inn and B&Bs for those who like their comforts!)

For those not paddling (although we would try and persuade you that to be on the river is wonderful and why not consider a 'controlled' trip up the river?) there are many places to visit and walks to do. To name a few: Seaton tramway runs up the side of the estuary and offers bird-watching opportunities, the Donkey Sanctuary is a short trip away, the Axe Golf Club welcome visitors, Beer (beaches, cream teas, crab sandwiches, art shops, Pecorama, caves) & Branscombe (NT properties, cream teas, beaches) are a pleasant walk along the coast path, and of course Lyme Regis (The Cobb, etc.)

- **The on-site speed limit is 5mph and must be strictly adhered to (children, etc.).**
